SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Concurrent with the filing of the above-captioned application for patent, Applicant's submitted an Information Disclosure Statement and notified the USPTO that an Opposition had been filed in the European Patent Office with respect to the European counterpart of the instant application for patent. This communication supplements the previous Information Disclosure Statement and notice. Enclosed please find the following documents:

1. An English Language translation of the formal opposition brief of the opponent, Mannesmann Plastics Machinery GmbH;
2. An English language translation of pages 123 - 125 of document E3 cited in the opposition brief;
3. An English language translation of document E4 cited in the opposition brief;

4. An English language translation of document E6 cited in the opposition brief;
and
5. Photocopies of references E7 and E8 cited in the opposition brief.

Please note that Applicants have only prepared a translation of a limited number of the pages of document E3 (same as referenced in the specification of the present application for patent) as Applicants are working with foreign patent agents from Munich, Germany in connection with the opposition. Applicants' attorney offers to have additional pages translated for the Examiner, upon his request, after he has had a chance to review the opposition brief and determines that the same would likely be material to the patentability of the present invention.

Completed Form PTO/sb/08A(10-01), Substitute for Form 1449A/PTO, accompanies this communication.

Respectfully submitted,
